

JEEL HIRPARA

B.E. Automobile Engineering
jeelhirpara15@gmail.com | +91 7046705353

Education

LD College of Engineering, Ahmedabad (GTU) | 2022 – 2026

B.E. Automobile Engineering | CGPA: 6.65

Shree Swaminarayan Vidhyapeeth Fareni (GSEB) | 2022

HSC: 62%

SG Vidhyalaya (GSEB) | 2020

SSC: 73.83%

Projects

Hydrogen Engine (2024 – 2025)

- Designed and studied hydrogen fuel system and combustion.
- Focused on clean energy and emission reduction.

Jet Ignition System (2023)

- Designed advanced combustion system for efficiency.
- Reduced emissions and improved combustion.

Magnetic Coupling (2022 – 2023)

- Built contact-less power transmission system.
- Utilized magnetic fields to transfer torque, reducing mechanical wear and improving system reliability.

Technical Skills

- **Manufacturing Processes:** Fabrication, machining, and assembly techniques
- **Engineering Drawing:** GD&T basics and interpretation
- **Automotive Systems:** IC engines, hydrogen fuel technology, and vehicle systems
- **Quality Control:** Inspection methods and maintaining dimensional accuracy
- **Project Management:** Planning, coordination, and execution of engineering tasks
- **Entrepreneurship Skills:** Problem-solving, decision-making, and basic business understanding

Work Experience & Internships

Vintech Industries Pvt. Ltd. – Trainee Engineer / Intern

(2026)

- Worked on manufacturing of components like hatches and brackets.
- Gained experience in fabrication and assembly.
- Performed quality inspection and ensured standards.
- Assisted in documentation and workflow management.

Mercedes-Benz service department – Intern

(2025)

- Learned basic overhauling of vehicle components
- Gained knowledge of automobile industry workflow
- Understood work management and task allocation.
- Developed skills in teamwork, discipline, and time management
- Acquired practical exposure to professional work culture.

Area Of Interest

- Vehicle performance and Aerodynamics
- Innovation And Technology
- Manufacturing
- Entrepreneurship

Hobby

- Research on Cosmic Intelligence
- Playing Badminton
